

## **Science 8**

Text: Discovering Science 8

Unit 1: Water Systems on Earth

Chapter Three, “Bodies of Water Influence Climate and Species Distribution ”

Statistic Search - 20 minutes

### **Instructions:**

- ▶ Listen to the teachers instructions
  - ▶ Each group will be assigned a number of pages from the text. The goal for each group is to find and record information associated with statistics, numbers information, etc. For example, “3% of all water on Earth is freshwater.”
  - ▶ Differential Learning Strategy.
-
