

Nova Central School District
Exploit's Valley Intermediate
"Yearly Lesson Plan 2009-2010"

Course Description

Social Studies Seven:

The Social Studies curriculum for the intermediate grades is designed around conceptual organizers. The organizing concept for the Grade 7 curriculum is "empowerment". The curriculum examines various aspects of empowerment - including personal, political, cultural, social and national. It draws largely on the history of the Canadian nation from the early 1800s to the end of World War I. Reference is made to earlier periods as well as the contemporary.

Textbook(s) and Resources

- Atlantic Canada Social Studies Curriculum Guide Grade 7 (2004, Interim Edition)
- Changing Your World: Investigating Empowerment (2004, with teacher guide)
